

INDEPENDENT AUDITOR'S REPORT

To
The Members of
Koprolu Warehousing Private Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying Standalone Financial Statements of **Koprolu Warehousing Private Limited** ("the Company"), which comprise the Balance sheet as at 31st March 2024, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and Statement of Cash Flows for the year then ended and Notes to the Financial Statements, including a summary of Material accounting policies and other explanatory information (hereinafter referred to as "Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013, as amended (" the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2024, its losses including other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no key audit matters to communicate in our report.

Other Matters

Attention is invited to **Note 35** to the financial statement. The company has negative net worth, and its current liabilities exceeded its current assets at the balance sheet date. The management of the Company believes that negative net worth is temporary in nature. The Company will be able to continue to operate as going concern and meet all liabilities as they fall due for payment based on its cash flow projections and unconditional support including infusion of requisite funds from the Holding Company. Accordingly, these financial statements have been prepared on the going concern basis.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of other information. The other information comprises the information included in the Board of Directors Report but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusions thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under section 133 of the Act and read with the Companies (Indian Accounting Standard) Rules 2021 as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period, if any and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "**Annexure A**" a statement on the matters specified in paras 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report to the extent applicable that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books, except for the matters stated in paragraph 2(h)(f) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.
 - (c) The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2021 as amended.

- (e) On the basis of the written representations received from the directors as on 31st March, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2024 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in “**Annexure B**”. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company’s Internal Financial Controls over financial reporting.
- (g) In our opinion and to the best of our information and according to the explanations given to us, no remuneration is paid by the Company to its directors during the year and hence this Para is not applicable to the Company.
- (h) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- (a) The Company does not have any pending litigations which would impact its financial position.
- (b) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- (c) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
- (d) (i) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- (ii) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (iii) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- (e) The Company has not proposed any dividend during the year in accordance with Section 123 of the Act, as applicable.
- (f) Based on our examination which included test checks, the Company has used certain accounting softwares for maintaining its books of account which has a feature of recording audit trail (edit log) and the same has been operated throughout the year for all relevant transactions recorded in the respective softwares. Further, during the course of our audit, we did not come across any instances where the audit trail feature was tampered with.

Annexure A to the Independent Auditor's Report

(Referred to in paragraph 1 under the heading 'Report on Other Legal and Regulatory Requirements' of our report of even date)

The Annexure referred to in our Independent Auditor's Report to the members of **Koprolu Warehousing Private Limited** (the "Company") on the financial statements for the year ended 31st March, 2024, we report that:

- (i) In respect of its Property, Plant & Equipment, Investment Property & Intangible Assets:
 - (a) A) The Company is maintaining proper records showing full particulars, including quantitative details and situation, of Investment Property.
B) The Company does not have any Intangible Assets hence reporting under sub clause 3(i)(a)(B) of the Order is not applicable.
 - (b) The Investment Property were physically verified during the year by the Management in accordance with a regular programme of verification which, in our opinion, provides for physical verification of Investment Property at reasonable intervals. According to the information and explanation given to us, no material discrepancies were noticed on such verification.
 - (c) The Company holds immovable properties in its own name.
 - (d) The Company has not revalued any of its Investment Property during the year.
 - (e) No proceedings have been initiated during the year or are pending against the Company as at 2024 for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.
- (ii)
 - a) The Company's business does not require maintenance of inventories. Thus, para 3(ii)(a) of the Order is not applicable to the Company.
 - b) According to the information and explanations given to us, at any point of time of the year, the Company has not been sanctioned working capital limits in excess of Rs. five crores in aggregate from banks or financial institutions during any point of time of the year on the basis of security of current assets. Thus, para 3(ii)(b) of the Order is not applicable to the Company.
- (iii) According to the information and explanations given to us and on the basis of our examination of the books of accounts, the Company has not granted loans, secured or unsecured, to companies, firms or other parties listed in the register maintained under Section 189 of the Companies Act, 2013. Consequently, the provisions of para 3(iii)(a), 3(iii)(b), 3(iii)(c), 3(iii)(d), 3(iii)(e) and 3(iii)(f) of the Order are not applicable to the Company.

- (iv) According to the information and explanations given to us and on the basis of our examination of the books of accounts, the Company has not given loans, guarantees, and security, or invested in other companies covered under section 185 and 186 of the Act during the period under audit & hence reporting under para 3(iv) of the Order is not applicable to the Company.
- (v) In our opinion and according to the information and explanations given to us the Company has not accepted any deposits from the public nor accepted any amounts which are deemed to be deposits within the meaning of section 73 or 76 of the Companies Act, 2013 and the rules thereunder, to the extent applicable. Accordingly, reporting under para 3(v) of the order is not applicable to the Company.
- (vi) The Central Government has not specified the maintenance of cost records under Section 148(1) of the Companies Act, 2013 for the services of the Company.
- (vii) In respect of its statutory dues:
- (a) In our opinion and according to the information and explanations given to us, the Company is normally regular in depositing undisputed statutory dues including Goods and Service Tax, provident fund, employees' state insurance, Income Tax, Service Tax, duty of customs, value added tax, cess and other statutory dues applicable to it. There are no outstanding statutory dues as on the last day of the financial year for a period of more than six months from the date they became payable.
- (b) According to the information and explanations given to us, there are no disputed dues of Income Tax, Goods and Service Tax etc. which have not been deposited with the appropriate authority on account of any dispute.
- (viii) There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961.
- (ix) (a) According to the information and explanations given to us and on the basis of our examination of the books of accounts, the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest to any lender during the year.
- (b) The Company has not been declared a wilful defaulter by any bank or financial institution or government or any government authority.
- (c) The Company has not taken any term loan during the year and hence para 3(ix)(c) of the Order is not applicable to the Company.

- (d) The Company did not raise any short-term funds during the year hence, the requirement to report on para 3(ix)(d) of the Order is not applicable to the Company.
- (e) The Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.
- (f) The Company has not raised any loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies and hence para 3(ix)(f) of the Order is not applicable to the Company.
- (x) (a) The Company has not raised any money by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, para 3(x)(a) of the Order is not applicable to the Company.
- (b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence para 3(x)(b) of the Order is not applicable to the Company.
- (xi) (a) No fraud by the company or on the company by its officers or employees has been noticed or reported during the course of our audit nor have we been informed of such case by the management.
- (b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government during the year and upto date of this report.
- (c) As informed by the management, no whistle-blower complaints received during the year by the Company.
- (xii) The Company is not a Nidhi Company as defined under section 406 of the Companies Act, 2013. Accordingly, para 3(xii) of the Order is not applicable to the Company.
- (xiii) Transactions with the related parties are in compliance with section 177 and 188 of the Act. The details of such related party transactions have been disclosed in the standalone financial statements as required by the applicable Indian Accounting Standards.
- (xiv) (a) In our opinion and based on our examination, the company does not have an internal audit system and is not required to have an internal audit system as per provisions of the Companies Act 2013.
- (xv) On the basis of information and explanation given to us, the Company has not entered into any non-cash transactions with directors or persons connected with him. Accordingly, para 3(xv) of the Order is not applicable to the Company.

- (xvi) (a) The provisions of section 45-IA of the Reserve Bank of India Act, 1934 (2 of 1934) are not applicable to the company. Accordingly, requirement to report on para 3(xvi)(a), (b) and (c) of the Order are not applicable to the Company.
- (b) There is no core investment company as a part of the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly para 3(xvi)(d) of the Order is not applicable to the Company.
- (xvii) The Company has incurred Cash Losses of Rs. 13,955.95 (thousand) in the financial year covered under audit and Rs. 47,756.98 (thousand) in the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors of the Company during the year and reporting under para 3(xviii) of the Order is not applicable to the Company.
- (xix) On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- (xx) According to the information and explanations given to us by the management and our examination of books of account, provisions of Section 135 of the Companies Act are not applicable to the Company. Accordingly, para 3(xx)(a) and 3(xx)(b) of the Order are not applicable to the Company.

Annexure - B to the Independent Auditor's Report

(Referred to in paragraph 2(f) under the heading 'Report on Other Legal and Regulatory Requirements' of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

1. We have audited the internal financial controls over financial reporting of **Koprolu Warehousing Private Limited** ("the Company") as of 31st March, 2024 in conjunction with our audit of the standalone financial statements of the Company for the year ended and as at on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit.

We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls with reference to financial statements

5. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

6. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

7. In our opinion to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Koprolu Warehousing Private Limited

Notes to the financial statements for the year ended 31st March, 2024

Corporate Information

Koprolu Warehousing Private Limited (hereinafter referred to as 'Company') CIN No: U60232MH2018PTC313161, is engaged in the business of Leasing of land and Commercial Properties, Logistics Park, Warehousing, real estate development and leasing activities and other related businesses.

The Company has its registered office at 4th floor, A Wing, Allcargo house, CST road, Kalina, Santacruz (east), Mumbai – 400098, Maharashtra, India.

The financial statements were authorised for issue in accordance with a resolution of the Board of Directors on 17th May, 2024.

1. Material accounting policies

1.1 (a) Basis of preparation

The financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) (Amendment) Rules, 2015 (as amended from time to time) under the provisions of the Companies Act, 2013 (the 'Act') and presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III), as applicable to the financial statements.

These financial statements are prepared under the historical cost convention on the accrual basis except for certain financial instruments which have been measured at fair value (refer accounting policy regarding financial instruments). The Company has prepared the financial statements on the basis that it will continue to operate as going concern. The financial statements are presented in INR and all values are rounded to the nearest Thousand (INR 000) except when otherwise indicated. The financial statements provide comparative information in respect of the previous period.

Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Koprolu Warehousing Private Limited

Notes to the financial statements for the year ended 31st March, 2024

1.2 Summary of material accounting policies

a. Fair value measurement

The Company measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

External valuers are involved for valuation of significant assets, such as properties and unquoted financial assets, and significant liabilities, such as contingent consideration.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

b. Revenue recognition

The Company recognises revenue as per the criteria laid down in Ind AS 115 'Revenue from contracts with customers'. The revenue recognition is being done on satisfaction of performance obligations contained in the contracts at a point in time and subsequently over time when the Company has enforceable right for payment for performance completed to date.

Revenue is recognised upon transfer of control of promised products/services to customer in an amount that reflects the transaction price i.e. consideration which the Company expects to receive in exchange for those products. The amount recognised as revenue is exclusive of GST.

Koprolu Warehousing Private Limited

Notes to the financial statements for the year ended 31st March, 2024

Income from Logistics Park

Rental income arising from leasing of warehouses is accounted on execution of lease agreements or contracts with customers. The recognition of revenue is being done as per the transaction price mentioned against identified Performance obligations (Fixed rentals) contained in agreements and the same is accounted on a straight-line basis over the lease term.

Reimbursement of cost is recognized as income under the head Common Area Management ('CAM') charges as agreed and as mentioned in the agreements/contracts. Electricity and water charges are recovered based on actual allocable/usage basis.

Others

Interest income is recognised on time proportion basis. Interest income is included in finance income in the Statement of Profit and Loss.

c. Contract balances

Contract balances include trade receivables, contract assets and contract liabilities.

Trade receivables

A receivable represents the Company's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due). Trade receivables are separately disclosed in the financial statements.

Contract assets

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Company performs by transferring services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

Contract liabilities

A contract liability is the obligation to transfer services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Company performs under the contract.

d. Taxes

Current Income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

The Company offsets current tax assets and current tax liabilities where it has a legally enforceable right to set off the recognised amounts and where it intends either to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Koprolu Warehousing Private Limited

Notes to the financial statements for the year ended 31st March, 2024

Deferred Tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- (i) When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.
- (ii) In respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

Deferred tax relating to items recognised outside the Statement of Profit and Loss is recognised outside the Statement of Profit and Loss. Such deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable.

e. Property, plant and equipment

Freehold land is carried at historical cost. Other property, plant and equipment is stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Cost comprises the purchase price and any cost attributable to bringing the asset to its working condition for its intended use. Borrowing cost relating to acquisition of tangible assets which take substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use. Capital work in progress is stated at cost.

f. Investment property

An investment in land or building, which is not intended to be occupied substantially for use by, or in the operations of the Company, is classified as investment property. Investment properties are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any.

The cost includes the cost of replacing parts and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of the investment property are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. All other repair and maintenance costs are recognised in statement of profit and loss as incurred.

Investment Property Under Development includes accumulated cost incurred for purchases/construction of property including allocation of indirect cost and borrowing cost net of income from temporary investments of surplus funds.

Depreciation is calculated on a straight-line basis over the estimated useful lives of the assets as follows:

Category	Useful lives (in years)
Building	30
Plant and machinery	15
Office Equipment	10
Leasehold land	Leasehold Land shorter of the estimated useful life of the asset or the lease term not exceeding 17.25 years

Koprolu Warehousing Private Limited

Notes to the financial statements for the year ended 31st March, 2024

Investment properties are measured initially and subsequently at cost, though the Company measures investment property using cost-based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on an annual evaluation performed by an accredited external independent valuer or on the basis of appropriate ready reckoner value or based on recent market transactions.

Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in statement of profit and loss in the period of derecognition.

Transfers are made to (or from) investment properties only when there is a change in use. Transfers between investment property, owner-occupied property and inventories do not change the carrying amount of the property transferred and they do not change the cost of that property for measurement or disclosure purposes.

g. Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur.

Commencement, cessation and suspension of capitalisation

Borrowing costs incurred are capitalised to the cost of asset if following conditions are satisfied:

- a) Asset is a qualifying asset- A qualifying asset is an asset that takes a substantial period of time to get ready for its intended use.
- b) Intended use of asset (end use). If asset hold is used for :-
 - For the owner's occupation, it will be recognised as a part of PPE.
 - For rent/annuity purposes, it will be recognised as investment property.
- c) Whether all the activities are completed which are substantially necessary to prepare the qualifying Asset for its intended use.

Borrowing costs shall cease to be capitalised when substantially all the activities necessary to prepare the qualifying asset for its intended use are complete. However, borrowing cost incurred while asset acquired for specific purposes is held without any associated development activity do not qualify for capitalisation.

h. Leases

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee

The Company applies single recognition and measurement approach for all leases, except for short term leases and leases of low value assets. On the commencement of the lease, the Group, in its Balance Sheet, recognises the right of use asset at cost and lease liability at present value of the lease payments to be made over the non-cancellable lease term.

Subsequently, the right of use asset are measured at cost less accumulated depreciation and any accumulated impairment loss. Lease liability are measured at amortised cost using the effective interest method. The lease payment made, are apportioned between the finance charge and the reduction of lease liability and are recognised as expense in the Statement of Profit and Loss.

Lease deposits given are a financial asset and are measured at amortised cost under Ind AS 109 since it satisfies Solely Payment of Principal and Interest (SPPI) condition. The difference between the present value and the nominal value of deposit is considered as prepaid rent and recognised over the non-cancellable lease term. Unwinding of discount is treated as finance income and recognised in the Statement of Profit and Loss.

Koprolu Warehousing Private Limited

Notes to the financial statements for the year ended 31st March, 2024

Company as a lessor

Leases in which the Company does not transfer substantially all the risks and rewards incidental to ownership of an asset is classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the Company to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

i. Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

j. Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extreme rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognise a contingent liability but discloses its existence in the financial statements.

k. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value, plus in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in following four categories:

- Financial assets at amortised cost
- Financial assets at fair value through other comprehensive income (FVTOCI)
- Financial assets at fair value through profit or loss (FVTPL)
- Equity investments

Koprolu Warehousing Private Limited

Notes to the financial statements for the year ended 31st March, 2024

i. Financial assets at amortised cost

Financial assets is measured at the amortised cost if both the following conditions are met –

- These assets are held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

This category is the most relevant to the Company. After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the statement of profit and loss. The losses arising from impairment are recognised in the statement of profit and loss.

ii. Financial assets at fair value through other comprehensive income (FVTOCI)

Financial assets are classified as FVTOCI if both of the following criteria are met:

- These assets are held within a business model whose objective is achieved both by collecting contractual cash flows and selling the financial assets; and
- Contractual terms of the asset give rise on specified dates to cash flows that are SPPI on the principal amount outstanding.

Fair value movements are recognised in the Other Comprehensive Income (OCI). On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to the Statement of Profit and Loss.

iii. Financial assets at fair value through profit or loss (FVTPL)

FVTPL is a residual category for debt instruments. Any financial assets, which do not meet the criteria for categorisation as at amortised cost or as FVTOCI, are classified as FVTPL. Gain or losses are recognised in the Statement of Profit and Loss.

iv. Equity investments

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL and any changes in its values are recognised through the statement of profit and loss.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to profit and loss, even on sale of investment. However, the company may transfer the cumulative gain or loss within equity.

The Company makes election whether to classify the equity instruments as FVTPL or FVTOCI on instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

Equity investments made by the Company in subsidiaries are carried at cost less impairment loss (if any).

Derecognition

A financial asset is derecognised when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset

But when it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Koprolu Warehousing Private Limited

Notes to the financial statements for the year ended 31st March, 2024

Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the financial assets which are not fair valued through statement of profit and loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL at each reporting date, right from its initial recognition. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the statement of profit and loss. This amount is reflected under the head 'other expenses' in the statement of profit and loss.

As a practical expedient, The Company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

ECL is recognised based on assessment of credit risk and since credit risk is low in case of related party. Hence ECL not recognised.

Impairment of non-financial assets

The carrying amounts of assets are reviewed at each reporting date if there is any indication of impairment based on internal/external factors. An impairment loss is recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's fair value less cost of disposals and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Fair value is the price that would be received to sell an asset or paid to transfer a liability in orderly transaction between market participants at the measurement date. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

The Company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for the Company Cash Generating Unit's (CGU) to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of 5 years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the 5th year. Impairment losses are recognised in the Statement of Profit and Loss.

An assessment is made at each reporting date as to whether there is any indication that previously recognised impairment losses may no longer exist or may have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years.

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through Statement of Profit and Loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

Koprolu Warehousing Private Limited

Notes to the financial statements for the year ended 31st March, 2024

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in Statement of Profit and Loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the Statement of Profit and Loss. This category generally applies to borrowings.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

l. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

m. Cash flow statement

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated in the Cash flow statement.

n. Earnings per equity share

Basic earnings per equity share are computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares outstanding during the period. Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

The number of equity shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented for any share splits and bonus shares issues including for changes effected prior to the approval of the financial statements by the Board of Directors.

Recent Accounting Developments

Ministry of Corporate Affairs ('MCA') notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended 31 March 2024, MCA has not notified any new standards. The amendments to the existing standards have been applied by the Company wherever applicable. They do not have material impact on the financials results of the Company.

Koprolu Warehousing Private Limited

Notes to the financial statements for the year ended 31st March, 2024

1.3 Significant accounting judgements, estimates and assumptions:

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods. Some of the significant accounting judgement and estimates are given below:

Determining the lease term of contracts with renewal and termination options – Company as lessee

The Company determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

The Company has several lease contracts that include extension and termination options. The Company applies judgement in evaluating whether it is reasonably certain whether or not to exercise the option to renew or terminate the lease. That is, it considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination. After the commencement date, the Company reassesses the lease term if there is a significant event or change in circumstances that is within its control and affects its ability to exercise or not to exercise the option to renew or to terminate (e.g., construction of significant leasehold improvements or significant customisation to the leased asset).

Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the discounted cash flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values: Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments. See Note 28 for further disclosures.

Property, plant and equipment

Property, plant and equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Company assets are determined by management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets.

Leases - Estimating the incremental borrowing rate

The Company cannot readily determine the interest rate implicit in the lease, therefore, it uses its incremental borrowing rate (IBR) to measure lease liabilities. The IBR is the rate of interest that the Company would have to pay to borrow over a similar term, and with a similar security, the funds necessary to obtain an asset of a similar value to the right-of-use asset in a similar economic environment. The IBR therefore reflects what the Company 'would have to pay', which requires estimation when no observable rates are available. The Company estimates the IBR using observable inputs (such as market interest rates) when available and is required to make certain entity-specific estimates (such as the credit rating).

Investment property

Investment property represent a significant proportion of the asset base of The Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Company assets are determined by management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets.

Terms/ rights attached to equity shares

The Company has only one class of equity shares having par value of Rs. 10 per share. Each holder of equity shares is entitled to one vote per share. The equity shares are entitled to receive dividend as declared from time to time. Voting rights cannot be exercised in respect of shares on which any call or other sums payable have not been paid. Failure to pay any amount called up on shares may lead to forfeiture of the shares.

In the event of liquidation of the Company, the holders of equity shares will be entitled to receive remaining assets of the Company, after distribution of all preferential amounts. The distribution will be in proportion to the number of equity shares held by the shareholders.

Koprolu Warehousing Private Limited

Notes to the Financial Statements for year ended 31st March, 2024

26. Earnings Per Share (EPS)

Basic EPS amounts are calculated by dividing the profit for the year attributable to equity holders of the parent by the weighted average number of Equity shares outstanding during the year.

Diluted EPS amounts are calculated by dividing the profit attributable to equity holders of the parent by the weighted average number of Equity shares outstanding during the year plus the weighted average number of Equity shares that would be issued on conversion of all the dilutive potential Equity shares into Equity shares.

The following reflects the income and share data used in the basic and diluted EPS computations:

(Rs in '000)

Particulars	31 March 2024	31 March, 2023
Net Profit/(loss) after tax attributable to Equity Shareholders	(60,342.36)	(73,045.06)
Weighted average and outstanding number of Equity shares for basic EPS	1,00,000	1,00,000
Weighted average number of Equity shares for diluted EPS	1,00,000	48,110
Basic EPS (in full rupees)	(603.42)	(730.45)
Diluted EPS (in full rupees)	(603.42)	(1,518.30)

27. Commitments and contingencies

There are no contingencies and commitment as on reporting date.

28. Dues to Micro and small Suppliers

Under the Micro, Small and Medium Enterprises Development Act, 2006 (MSMED) which came into force from 02 October 2006, certain disclosures are required to be made relating to MSME. On the basis of the information and records available with the Company, the following disclosures are made for the amounts due to the Micro and Small Enterprises.

(Rs in '000)

Particulars	31 March, 2024	31 March, 2023
Principal amount remaining unpaid to any supplier as at the period end.	11.34	Nil
Interest due thereon	Nil	Nil
Amount of interest paid by the Company in terms of section 16 of the MSMED, along with the amount of the payment made to the supplier beyond the appointed day during the accounting period.	Nil	Nil
Amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the period) but without adding the interest specified under the MSMED.	Nil	Nil
Amount of interest accrued and remaining unpaid at the end of the accounting period	Nil	Nil
The amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprise for the purpose of disallowances as a deductible expenditure under the MSMED Act, 2006	Nil	Nil

30. Segment Reporting

The Company's main business activity constitutes developing, constructing and leasing warehouse, which is the only reporting segment. The Company does not have any reportable geographical segment.

31. Financial risk management objectives and policies

- (i) The Company's activities expose it to a variety of financial risks, including market risk, credit risk and liquidity risk. The Company's primary risk management focus is to minimize potential adverse effects of market risk on its financial performance. The Company's risk assessment and policies and processes are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor such risks and compliance with the policies and processes. Risk assessment and policies and processes are reviewed regularly to reflect changes in market conditions and the Company's activities. The Board of Directors and the management is responsible for overseeing the Company's risk assessment and policies and processes.

(ii) **Market Risk:**

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from adverse changes in market rates and prices (such as interest rates) or in the price of market risk-sensitive instruments as a result of such adverse changes in market rates and prices. Market risk is attributable to all market risk-sensitive financial instruments and all short term and long-term debt. The Company is exposed to market risk primarily related to interest rate risk. Thus, the Company's exposure to market risk is a function of borrowing activities and it's revenue generating and operating activities.

Interest Rate Risk –

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's external long-term debt obligations with fixed interest rates. The Company's policy is to keep maximum of its borrowings at fixed rates of interest.

Koprolu Warehousing Private Limited

Notes to the Financial Statements for year ended 31st March, 2024

Interest Rate sensitivity:

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Company's profit/(loss) before tax is affected as follows:

(Rs in '000)

Particulars	Increase/decrease in basis points	Effect on profit/(loss) before tax
Unsecured Loan from Related Party	+100 (100)	15,302.57 (15,302.57)

The assumed movement in basis points for the interest rate sensitivity analysis is based on the currently observable market environment.

(iii) Credit risk:

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and other financial instruments.

(iv) Liquidity Risk

The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of intercompany loans and issued debentures. The Company assessed the concentration of risk with respect to refinancing its debt and concluded it to be low.

The table below provides details regarding the contractual maturities of significant financial liabilities as at 31st March 2024:

(Rs in '000)

Particulars	On Demand	Less than 1 year	More than 1 year
Borrowings	-	-	15,50,731.94
Trade Payables	-	5165.06	-
Other Payable	-	2,675.99	-
Other Financial Liabilities	-	1,47,771.26	29,048.39

The table below provides details regarding the contractual maturities of significant financial liabilities as at 31st March 2023:

(Rs in '000)

Particulars	On Demand	Less than 1 year	More than 1 year
Borrowings	-	-	15,09,848.20
Trade Payables	-	626.79	-
Other Payable	-	3,111.05	-
Other Financial Liabilities	-	1,61,651.89	14,082.40

32. Capital Management

For the purpose of the Company's capital management, capital includes issued equity capital, securities premium and all other equity reserves attributable to the equity holders of the Company. The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. The funding requirement is met through a mixture of equity, internal accruals, long term borrowings and short term borrowings.

Koprolu Warehousing Private Limited

Notes to the Financial Statements for year ended 31st March, 2024

33. Fair value

The following methods and assumptions were used to estimate the fair values:

1. Fair value of cash and short-term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their carrying amounts largely due to the short-term maturities of these instruments.
2. Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counter party. Based on this evaluation, allowances are taken to account for the expected losses of these receivables.

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly

Level 3: techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data

34. Note on Audit Trail and on Back up Compliances

Based on our examination which includes test check, the Company has used accounting software for maintaining its books of accounts for the year ended 31 March, 2024 which has a feature of recording audit trail, (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, audit trail feature has not been tampered with in respect of other accounting software.

35. As at March 31 2024, the accumulated losses have exceeded the net worth of the Company. The Company's net worth stands eroded as at Rs. 1,36,925.29 (thousand) and the current liabilities exceeded Its current assets as at the balance sheet date. However, the Company has no intentions of discontinuing business operations nor does the Company have any plans that may materially affect the carrying value or classification of assets and liabilities. The management of the Company believes that Company will be able to continue to operate as going concern and meet all liabilities as they fall due for payment based on its cash flow projections and unconditional support including infusion of requisite funds from the Holding Company. Accordingly, these financial statements have been prepared on the going concern basis and do not include any adjustments relating to the recoverability and classification of recorded assets or to amounts and classification of liabilities that may be necessary if the Company is unable to continue as going concern.

36. Other Statutory Information

- i) The Company does not have any Benami property, where any proceeding has been initiated or pending against the Company for holding any Benami property.
- ii) The Company has not advanced or loaned or invested funds to any other persons or entities, including foreign entities (Intermediaries) with the understanding that the Intermediary shall:
 - a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (Ultimate Beneficiaries) or
 - b) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.

Koprolu Warehousing Private Limited

Notes to the Financial Statements for year ended 31st March, 2024

- iii) The Company has not received any fund from any persons or entities, including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Company shall:
- directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or
 - provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries,
- iv) The Company has not entered any such transaction which is not recorded in the books of accounts that has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (such as, search or survey or any other relevant provisions of the Income Tax Act, 1961.
- v) The Company do not have any transactions with companies struck off.

The Company have not traded or invested in Crypto currency or Virtual Currency during the financial year.

37. Events after reporting date:-

There are no significant subsequent events between the year ended March 31, 2024 and signing of the financial statements as on May 17, 2024 which have material impact on the financials of the Company.

38. Prior year comparatives: -

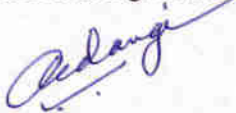

Figures of the previous year are regrouped and reclassified wherever necessary.
